St. Christopher Career Day

The purpose of Career Day is to expose our students to many interesting career choices in a fun, interesting and interactive way. It's important for our students to understand what excites them in order to make choices as they grow. It's never too early to be inspired by others.

We would like to thank our wonderful presenters for coming to share with our students their chosen fields. The presenters include graduates of St. Christopher's School & many other special people from our community.

Presenters:

James P. Molinaro - Borough President of Staten Island
